

Coming Soon! Updated iWay and Omni Information Center

Thank you to everyone who participated in our customer experience sessions or provided feedback about the updated iWay and Omni Information Center. Now finding the technical resources you need is easier than ever.

The updated iWay and Omni Information Center is scheduled to launch in mid-August. Here is a summary of the updates.

What's New

- Streamlined navigation
- Restructured technical content categories
- Integrated and enhanced search

Streamlined Navigation

The updated Information Center home page provides improved navigation. From here, you can:

- Search across all iWay and Omni content, or browse a specific collection: Technical Content, How-to's, and Videos.
- Learn about the latest iWay and Omni releases, including key features.
- Access additional services and support resources, such as Focal Point.
- Browse education courses and view the user group schedule.

Restructured Technical Content Categories

The restructured iWay and Omni product categories that are shown below reflect customer experience and feedback. The restructure provides easier access to technical content in iWay and Omni product areas. Technical content in either PDF or HTML format for any product is now just a click away.

- iWay
 - Release Notes
 - iWay Service Manager
 - iWay Tools
 - iWay Business to Business Solutions
 - Universal Adapter Suite
 - iWay Big Data Integrator
- Omni
 - Omni-Gen Master Data Management (MDM) and Data Quality (DQ) Editions
 - Omni-Gen for Supplier
 - Omni-Gen for Customer
 - Omni-HealthData Payer and Provider Editions
 - Omni-Patient
 - Omni-Payer

Integrated and Enhanced Search

The Information Center now offers integrated and enhanced Search, powered by WebFOCUS Magnify Search. You can search across all content repositories and easily identify results by content type.

The screenshot shows the Information Builders search interface. At the top, there are three tabs: "How to Search", "PDF Library", and "Technical Support". Below the tabs is a search bar with the text "creating a transform" and a dropdown menu set to "iWay and Omni Release Content". A "Search" button is to the right. Below the search bar, the results are displayed. The first result is "Introducing Transform Projects | Rel: 60 | Publication Date: 2009-12-04". The second result is "Tasks | Rel: 704 | Publication Date: 2017-07-25". On the left side, there are filters for "Word Cloud", "Product", "Release", and "Content Type". The "Content Type" filter shows "Technical Documentation (298)" and "Technical Video (2)".
